"We stayed at Beach House during previous trips to Turks and Caicos. We knew the staff would treat our guests like VIPs and would ensure that all guests had everything they needed to make it a wonderful and memorable experience.

The service at Beach House is top-notch. The staff is attentive to each guest's individual preferences and goes out of their way to ensure everyone is comfortable and relaxed. We enjoyed the privacy that comes along with a full property buyout.... Because all of our guests stayed at Beach House, we could enjoy being with our guests every day including the day of the ceremony.

After the ceremony, the cocktail hour was held a few hundred feet from where we were taking pictures, so we didn't feel disconnected from our guests during photos. The location of the cocktail hour also gave guests the opportunity to view the stunning sunset as they enjoyed their drinks... Jumping into the pool in our wedding attire at the end of the night to cool off after the high-energy dance party."

Blue Haven is a great location for a destination wedding. We got married in the gazebo followed by cocktail hour in the Fire Lounge and the reception in Fire and Ice. The event flowed nicely and the food was amazing. The staff at Blue Haven was accommodating and very friendly. I would most certainly recommend the venue as a location for a destination wedding. We loved every minute of our special day.
